EZEKIEL ANGELO C. PELAYO

Guadalupe, Bogo City, Cebu | 09673520009 | pelayoezekiel96@gmail.com

OBJECTIVE

As an Information Technology (IT) graduate my goal is to secure a position that will allow me to apply the technical knowledge and skills I've learned in school in a professional environment, to continue to grow and learn through exposure to new technologies and methodologies, to expand technical expertise in a real-world setting, keeping up with industry trends and innovations and to make a meaningful contribution to the company while building a strong foundation for long-term career success in the everevolving tech industry.

WORK EXPERIENCE

Pacific Equities (9 months)

Full Stack Web Developer | December 2025 – August 2026

- Developed and maintained responsive web applications using React.js and Next.js.
- Translated UI/UX designs from Figma into functional, pixel-perfect web pages.
- Implemented client-side and server-side rendering using Next.js App Router.
- Built reusable UI components with Tailwind CSS for consistent design and scalability.
- Collaborated with designers, backend developers, and stakeholders to deliver features on time.
- Debugged and resolved frontend issues across different browsers and devices.

LifeWood Data Technology (OJT)

February 2025 – May 2025

- Created a Website based on Company's design.
- Extensive Data Gathering/Data Crawling.
- Building research skills, handling physical or digital records.
